DIRECTOR'S MESSAGE

Motilal Nehru National Institute of Technology Allahabad has established itself as one of the premier institutes of India. Our alumni have made their mark in various fields and their achievements stand as a testimony to our endeavor and their hardwork. Established in the year 1961, MNNIT is an Institute of National Importance (INI) where students are equipped with the necessary skills that they create successful technologists and global leaders who can steer the world in the direction of growth and development. The confidence posed by the industries for our institute is indicated by the fact that 100% of our students are placed and are serving various leading global industries.

PROF. RAMA SHANKER VERMA

**DIRECTOR, MOTILAL NEHRU NATIONAL INSTITUTE
OF TECHNOLOGY ALLAHABAD**

PROF. IN-CHARGE'S MESSAGE

Motilal Nehru National Institute of Technology Allahabad has created a coveted niche for itself in various domains of Engineering, Humanities, and Management. Catering to the Industry specific needs of the globalized economy and society as a whole, the NEP envisioned updated curriculum at MNNIT is aimed at creating globalized technocrats, entrepreneurs, researchers, academicians, and managers. The ecosystem at MNNIT Allahabad not only aims at creating competent individuals with a robust knowledge base, interdisciplinary skill sets, but with the humanistic attitude aimed at creating sustainable solutions for the society. Our dedicated faculty members and the placement team have an exceptional record of placements amongst the NITs. It gives me immense pride in cordially inviting and welcoming you to participate in the placement endeavours in our campus.

PROF. TRIPTI SINGH

**PROFESSOR IN-CHARGE, DEPARTMENT OF TRAINING AND
PLACEMENT**

TIMELINE

National Education Policy

- MNNIT Allahabad adopted the National Education Policy (NEP) in 2022, bringing significant reforms to its academic structure.
- The revised curriculum emphasizes flexibility, interdisciplinary learning, and industry-oriented education. It promotes project-based learning, research-focused electives, and internships to enhance practical skills.
- With the option to pursue minors and explore courses beyond their core branch, students are better equipped for diverse career paths and global challenges.

INTERNSHIPS

- Internships are an inherent part of the course curriculum giving a practical insight and hands on experience of working in dynamic business environment.
- B.Tech, MCA, MBA and MSC pre-final year students are eligible for 2 months of summer internship, tentatively from 15th May to 15th July.
- B.Tech final year students are eligible for 6 months internship, tentatively from January.
- MCA final-year students are available for a semester-long internship, tentatively from the 1st week of January.
- M.Tech final year students are available for a semester-long internship, tentatively from the 1st week of January, and a year-long internship starting tentatively from June.

ACADEMICS

PROJECTS

It is mandatory for all B.Tech, M.Tech and Ph.D students to take up projects under the supervision of the faculty. These comprise the basic development of application oriented research projects.

ASSISTANTSHIP

Meritorious Post-graduates students are offered teaching assistantship which involves assisting instructors in practically everything related to the course.

In order to boost interest in other subjects. Students are allowed to choose subjects of their own interest.

ELECTIVES

Students are exposed to latest industrial practices through several industrial visits during their course. Students are also encouraged to undergo industrial training during their summer vacations.

INDUSTRIAL VISITS

CURRICULUM

Great emphasis during the classes is laid on core fundamentals and concepts. The examinations are designed to reflect the understanding of the fundamentals in practical fields.

III-CELL

The III-CELL promotes faculty members to visit industries to get technology information from the horse's mouth and also recognize industrial problems which can be handled by the Institute workforce.

INSIGHT TO OUR DEPARTMENTS

COMPUTER SCIENCE

- **Pioneering Program:** Launched India's first B.Tech in Computer Science in 1977.
- **Academic Excellence:** Offers UG, PG, and Ph.D. programs in AI, data mining, algorithms, networking, and more.
- **Innovative Projects:** Developed in-house software for recruitment, student management, and events like Kumbh Mela.

ELECTRICAL

- **Legacy of Excellence:** Established in 1961, with a focus on power systems, motor technology, transformer design, and telecommunications.
- **Skill & Innovation:** Emphasizes hands-on learning through projects, fostering technically skilled and research-oriented professionals.
- **Active Learning Culture:** Students engage in tech seminars and clubs, promoting innovation and societal impact.

ELECTRONICS AND COMMUNICATION

- **Established Expertise:** Founded in 1996 with focus areas including VLSI, embedded systems, communication, robotics, and signal processing.
- **Global Engagement:** Hosts VCAS, a major international conference on VLSI, Communication, and Signal Processing.
- **Cutting-Edge Research:** Advanced labs support work in MEMS, sensors, cognitive radios, MIMO, RF, and microwave technologies.

INSIGHT TO OUR DEPARTMENTS

BIOTECHNOLOGY

- **Emerging Discipline:** Established in 2012 to integrate life sciences with engineering through advanced research and training.
- **Flagship Event:** Organizes Biosangam, India's largest international biotech conference for societal development.
- **Research Impact:** Undertakes funded projects by MNRE, DBT, and DST — including key initiatives during the COVID-19 period.

CHEMICAL

- **Strong Foundation:** Established in 2012, offering a rigorous UG program combining fundamentals, practical skills, and innovation.
- **Research Excellence:** Focus areas include polymers, catalysis, nanotechnology, and waste treatment with support from CSIR, UGC, etc.
- **Global Exposure:** Hosted Chem Conflux 2020, showcasing advances in sustainable energy and environmental technologies.

MANAGEMENT

- Established in 1996, the School of Management Studies offers a 2-year Full-time MBA, Executive MBA, and Ph.D. programs.
- **MBA - Intake in Two-years Full-time** MBA is of 77. Aspiring candidates are short listed on the basis of CAT percentile.
- **Executive MBA** - The program has an intake of 30. Admission is done on the basis of Marks earned through Written Test, Interview, Academic Qualification and Work Experience.

INSIGHT TO OUR DEPARTMENTS

CIVIL

- The Department of Civil Engineering was established in year 1961.
- **Hands-on Learning:** Emphasis on practical exposure through fests, workshops, and regional conferences.
- **Research Contribution:** Student-led research published in reputed domains, including IIT Bombay's Transport Engineering.

APPLIED MECHANICS

- Established in 2002, the Applied Mechanics Department is the primary hub for mechanics disciplines at MNNIT.
- Department offer two Program Engineering and Computational Mechanics and Materials Engineering
- Emphasis on solid/fluid mechanics, computational modelling, and interdisciplinary mechanical systems, blending mechanical principles with core computational techniques.

MECHANICAL

- **Legacy & Focus:** Established in 1961, with emphasis on design, manufacturing, and maintenance of mechanical systems.
- Department offer two Program Mechanical Engineering & Production and Industrial Engineering.
- **Practical Exposure:** Hands-on learning through SAE Club projects on automobiles and EVs, supported by advanced labs.
- **Industry Connect:** Industrial visits and expert sessions enhance real-world understanding and industry readiness.

ACHIEVEMENTS

ACHIEVEMENTS

12

Ranked 2nd among NITs in placements by NIRF Ranking 2019 according to past three years placement records

11

Ranked 3rd among all NITs and 12th among all Engineering Colleges (including IITs) in terms of Graduation Outcome (NIRF 2023)

10

MNNIT bags outstanding Engineering Institute (north) award

09

IEEE outstanding branch counsellor award to MNNIT students branch

08

Best Engineering Institute in North ranked first by ET now Economic Times Survey

07

MNNIT bags national B-school award by ABP news initiative

ILLUSTRIOUS ALUMNI

It is a matter of great honour for the institute to acknowledge the outstanding achievements of AHMED MAZHARI, an esteemed alumnus of MNNIT. As the President of Microsoft Asia, he has played a pivotal role in driving digital transformation and innovation across the region. His visionary leadership and global impact exemplify the excellence that MNNIT strives to instil in its students, serving as a source of inspiration for the entire academic community.

We are proud to highlight the achievements of Dr. AMIT SHUKLA, an esteemed alumnus of MNNIT Allahabad (B.Tech, Mechanical Engineering, Batch of 1996). He currently serves as Chair of the Department of Mechanical and Manufacturing Engineering at Miami University, Ohio, and has been appointed as the next Dean of the College of Science and Engineering at Seattle University, USA, effective July 1, 2022. His academic excellence and leadership stand as a testament to the values nurtured at MNNIT. We wish him continued success in his future endeavours.

Sanjiv Chaturvedi, an alumnus of MNNIT and a dedicated Indian Forest Service officer, was honored with the 2015 Ramon Magsaysay Award for Emergent Leadership. He was recognized for his integrity, courage, and relentless fight against corruption in public office. From exposing powerful scams to reforming institutions like AIIMS, his work reflects a deep commitment to honest governance. His award celebrates the hope that one person's conviction can spark real change—a proud moment for MNNIT and all who believe in ethical public service.

We take pride in the achievements of Mr. GOVIND GUPTA, an esteemed MNNIT alumnus (B.Tech, Computer Science, 1989) and IPS officer. With over 27 years of service, he has held senior roles in Rajasthan Police and currently serves as ADGP PMW. He was awarded the President's Police Medal for Distinguished Service, reflecting his exemplary dedication to the nation. His journey from engineering to public service is a true inspiration. He continues to uphold the values of integrity and excellence that define the MNNIT legacy.

STUDENT CLUBS

ELECTRONICS SOCIETY

The Electronics Society, led by final-year UG and PG ECE students, aims to help juniors grasp essential industry concepts beyond the curriculum. It offers hands-on project experience in high-demand core technologies, preparing students for careers in the silicon core industry.

STUDENT MENTORSHIP PROGRAM

The Student Mentorship Programme, launched in 2019, is a senior-led initiative to guide juniors through common student challenges. It aims to create a supportive, “home-away-from-home” environment, fostering a culture of mentorship and growth.

LITERARY CLUB

The MNNIT Literary Club helps students explore their literary talents beyond boundaries. It offers year-round opportunities for poets, writers, and debaters through events like Poetry Slam, Stand-up Comedy, Parliamentary Debate, Storytelling, Talk Till You Drop, MUN, and MIP.

STUDENT CLUBS

SAE CLUB(Society of Automotive Engineers)

SAE INDIA Collegiate Club of MNNIT, founded in 2014, fosters skills in automotive and industrial technologies. Members work on EV and gasoline projects, compete in SAE BAJA and SUPRA, and explore BMS, ABS, robotics, and AI/ML—promoting technical growth, teamwork, and leadership.

COMPUTER CODING CLUB

The Computer Coding (CC) Club, MNNIT's oldest tech club recognized in 2016, mentors students in competitive coding, development, ML, and blockchain. It boasts 9 ICPC 2021 qualifiers, top ranks in global contests, and regular GSoC selections.

ROBOTICS CLUB

Robotics Club is a multidisciplinary student group under MNNIT's Student Activity Centre, uniting robotics enthusiasts from all departments. The club builds robots for academics and national competitions.

STUDENT CLUBS

AERO CLUB

Driven by a shared passion for flying, this newly founded club brings together students from diverse engineering backgrounds. Regular workshops and meetings keep the club vibrant and actively engaged.

GNOSIS

Gnosis, the Quiz Club of MNNIT, is one of the institute's most active clubs, hosting a wide range of quizzes across genres. Along with regular SAC events, it organizes 'Gnosiomania'—its flagship quiz that attracts Quizmasters and participants from across India.

INSTITUTION'S INNOVATION COUNCIL

The Ministry of Education's Innovation Cell (MIC) fosters innovation in higher education through Institute Innovation Councils (IICs), promoting student creativity and building campus-wide innovation ecosystems.

STUDENT ACTIVITIES

Culrav is the annual cultural fest of MNNIT Allahabad, known for its exciting competitions, star-studded nights, and fun informal events. It features a wide range of categories like dance, drama, music, fashion, art, literature, photography, and filmmaking, drawing huge participation from colleges across India. Alongside, Avishkar adds a technical edge to the fest with events like coding, robotics, paper presentations, and design challenges that test both knowledge and creativity. Top colleges like IITs and NITs take part, and leading companies such as DELL, L&T, TCS, and On-Mobile support the fest through sponsorships.

STUDENT ACTIVITIES

A 36-hour tryst with gizmos infused with youthful energy and a relentless drive for development we had the 5th edition of the annual Hackathon conducted by Computer Science Department, MNNIT Allahabad. Hack36 holds in store challenges expecting to be conquered and solutions awaiting to be uncovered, for all the tech-savvy and geeks, coders and development enthusiasts. This year we had more than 1200 teams (including 100+ colleges) registrations out of which 641 hackers participated after shortlisting. The teams competed for the opportunity to win prizes worth 20 lakhs.

STUDENT ACTIVITIES

रैनाइससँसँ

Renaissance, an entrepreneurship summit, under Design Innovation and Incubation Center (DIIC) envisages to support innovative ideas of an individual or a group of individuals in areas related to the development of new products or goods for the benefit of mankind and/or novel approaches addressing social issues for inclusive development of the society. It also intends to bring together technologists, engineers, medical professionals, business analysts to develop all inclusive innovation that creates an impact on the quality of life through talks, discussions and workshops.

TEDxMNNIT

TEDx conferences are held around the world with the intention of imparting knowledge, provoking thought, and stirring action. To encourage these principles among a youth audience, TEDx team of MNNIT hosts TEDxMNNIT, where people from various backgrounds gather under the same roof to inspire our college community. Our past speakers have ranged from ISRO scientists, martial arts masters, Padmashree awardee to tribal rights advocates. Such speakers and our ambitious audience have established TEDxMNNIT as one of the flagship events of our college in all its iterations.
